# FAQ

## Can I group rates as a walk-in?

Walk-in rates are subject to regular hours and rates. Reservations must be made 72 hours in advance, require a deposit, and are based upon lane availability.

## I have ten people; does that qualify as a party?

Our minimum company group rates start at 15 guests due to the pricing and preparation of group parties. Ask about our other options for smaller groups.

## Will I be charged for total reservation if total expected guests do not attend?

48 hours before your event we will call to confirm the number of guests attending. The number confirmed at that time will be the number of guests charged for event.

## Can I use "free game" coupons for party?

Group pricing is not based on a per game rate. Therefore, "free game" coupons cannot be accepted as party payment. Gift certificates may be used.

## Can we pay individually for our group?

In order to avoid confusion, only one payment will be accepted for group parties.
